

**CITY OF SAN DIEGO
MEMORANDUM**

DATE: May 22, 2006

TO: City Council President and Council Members

FROM: Jay M. Goldstone, Chief Financial Officer 

SUBJECT: Responses to City Council on the Fiscal Year 2007 Proposed Budget

QUESTION: What is the budget for the Concourse Parkade and other parking garages used by City staff?

RESPONSE: The budget for the Concourse and Parking Garage (Fund 10322) is \$2.8 million for fiscal year 2007. Of that amount, \$436,000 is budgeted for the Concourse Parkade and World Trade Center parking garages.

The current contract with Ace Parking to manage the two subject parking garages expires July 31, 2006. The Purchasing Department is in the process of rebidding.

QUESTION: Does the Fiscal Year 2007 Proposed Budget include the City's obligation to the Convention Center for infrastructure upgrades? Provide a breakdown of the total CIP dollar allocation to CONVIS.

RESPONSE: The Fiscal Year 2007 Proposed Budget of \$4.3 million for the Convention Center is the same as the fiscal year 2006 budget. The Convention Center requested \$3.4 million for industry events and rental credits and \$6.1 million for capital expenses, for a total of \$9.5 million. The table below shows the fiscal year 2006 budget, amounts requested for fiscal year 2007 for capital and non-capital expenses, and the fiscal year 2007 proposed budget. The Fiscal Year 2007 Proposed Budget reflects the Independent Budget Analyst's recommendation of a year for a "time-out" in order to understand and review current budget priorities, receive an accurate assessment of unfunded needs, and identify current and future expenditure requirements.

Item	FY 2006 Budget	FY 2007 Request	FY 2007 Proposed Budget
Industry Events	\$409,400	\$400,000	\$409,400
Rental Credits	\$2,062,601	\$3,020,000	\$2,062,601
<i>Subtotal</i>	<i>\$2,472,001</i>	<i>3,420,000</i>	<i>\$2,472,001</i>
Capital Expenses	\$1,867,197	\$6,110,000	\$1,867,197
Total	\$4,339,198	\$9,530,000	4,339,198

QUESTION: Is the City maximizing its grant opportunities?

RESPONSE: The City has been successful in applying for and receiving grants in several departments. For fiscal year 2007, the Citywide Grants Coordination function has been reinstated under Business Office and Support Services. One of the primary roles of this function is to coordinate grant activities (i.e. notification of opportunities, review proposals as necessary, track awards, follow-up with applications, and provide overall assistance to departments), as well as strategize and partner with other agencies (i.e. County of San Diego, Port Authority, and other cities), to maximize opportunities and awards to the Region.

QUESTION: What is the status of a citywide approach to Facilities Maintenance?

RESPONSE: Business Process Reengineering for Citywide Facilities Management/Maintenance is scheduled for July 17 through October 13, 2006. Implementation schedule is October 16 through March 30, 2007.

QUESTION: What is the status of a Citywide approach to Fleet Management (including Police and Fire-Rescue)?

RESPONSE: Business Process Reengineering for Citywide Fleet Management is scheduled for May 22 through August 18, 2006. Implementation schedule is August 21 through February 2007.

QUESTION: Please provide route information (street names/schedule) for street sweeping in Council District 8.

RESPONSE: Please see **Attachment 1** for street sweeping schedules by council district.

QUESTION: What is the recommendation for Proposition 42 funds that are received in the 4th Quarter? How will Council be notified?

RESPONSE: The Department of General Services is currently working on a 1472-Request for Council Action to appropriate the funds received from Proposition 42 for street maintenance and repair and the upfront funding needed for select Federal Emergency Management Agency related storm drain projects. This action should come before Council before current fiscal year end.

QUESTION: For the past couple of years the City Council has waived certain policies/ordinances which established target levels for funding of certain departments and programs, for example the Library Ordinance and the Mission Bay Ordinance. Can you please provide a listing of all such waivers or associated actions that are required, along with when these actions are scheduled in the current budget process?

RESPONSE: The Mayor is proposing that Council waive the Library and Environmental Growth Fund Ordinances but not the Mission Bay Ordinance. Last year, when the Mission Bay Ordinance waiver was proposed, it was officially accomplished via a motion by a Councilmember to waive it, and a subsequent vote that carried that motion. Similar motions/votes should take place during next week's deliberations for both ordinances.

QUESTION: The City has traditionally included a fee day in the process. Will this not be occurring this year. Is there any requirement for the City to act on any set of fees each year, even if they will not be revised?

RESPONSE: An annual "fee day" is not a requirement. While it appears that there will not be a overall fee review this year, certain fee increase proposals have or will come forward on an individual basis (the Environmental Services Department's proposed increase to the AB939 franchise fee, for example, is expected to go before Council in January 2007).

QUESTION: Can CDBG funds be used for recreation centers?

RESPONSE: Community Development Block Grant (CDBG) funds may be used to fund recreation staff (recreation leaders, center directors, assistant center directors) using the social service portion of the CDBG allocation if that site is in a CDBG eligible area (area benefit) or if the staff are serving people who are primarily low-moderate income levels (limited clientele benefit). It would be difficult to document recreation center staff as serving any particular group, so essentially using an "area benefit" rather than a "limited clientele benefit" to determine eligibility for this service is recommended. Of the three sites mentioned at the May 3rd Budget Committee meeting (Robb Field, Kearny Mesa, and Linda Vista), only Linda Vista may be eligible depending on the census service area designation.

It is important to note, however, that all CDBG social service funding has been allocated in the Mayor's Fiscal Year 2007 Proposed Budget and any action to fund recreation center staff would require reductions in other programs.

QUESTION: What are the Park and Recreation Department's efforts to get funding for coastal erosion and stabilization funding from outside sources?

RESPONSE: Over the past ten years, the Park and Recreation Department has secured more than \$8.5 million in grant funding for coastal infrastructure projects. Park and Recreation grant-funded projects completed or currently in construction include: Mission Bay Ski Beach Ramp & Parking Improvements, Mission Bay Boat Launching Facilities Upgrades, La Jolla

Cove Erosion Control, Sunset Cliffs Ladera Street Stairs Replacement, Ocean Beach Fishing Pier Structural Survey, and Famosa Slough Wetland Treatment Ponds.

The Park and Recreation grant analysts regularly research the availability of grants which could be used for coastal infrastructure projects. When a grant opportunity is identified, grant staff works with park planners, engineers and facilities maintenance staff to prioritize the most urgent needs and create a proposal that fits within the grant program guidelines. Most competitive grants require local matching funds. In order to maximize the City's ability to leverage funds, the Park and Recreation Department considers any available City funding as a potential match source for competitive grants. If the Mayor's fiscal year 2007 budget proposal is approved to use \$182,933 of the Mission Bay Ordinance for coastal beaches, grant staff will propose the use of the City's funds as a match to request funding from the California Coastal Conservancy for replacement of beach access stairs at several City beaches. Replacement of the stairs not only allows beach goers easier access, the stairs will also help control erosion affecting the sites when people climb down slopes to reach the beach.

The Park and Recreation Department proactively seeks funds from many external sources for a wide variety of infrastructure projects. Working with the City's Intergovernmental Relations Department, the department suggested coastal projects as a high priority for inclusion in the Governor's Infrastructure Bond, to be considered by California voters in November. The most crucial projects needing funding include erosion control, pier restoration, coastal access, and preservation of coastal seawalls (bulkheads.)

QUESTION: Explain why various organizations, previously funded through TOT, are not recommended for funding in fiscal year 2007.

RESPONSE: The primary reason most organizations will not receive funding in fiscal year 2007 is because they did not apply for funding. In addition to the organizations that did not apply for funding are those organizations that upon review had low ranking and therefore, did not warrant funding. The ranking of organizations is based on several factors. The most common explanation for a low ranking is an incomplete application for funding.

QUESTION: Can TOT/DIF/CDBG/FBA funds be used toward tree trimming budgets?

RESPONSE: Development Impact Fees (DIF) and Facilities Benefit Assessment (FBA) funds cannot be used for tree trimming. These funds are used strictly for capital improvements. Tree trimming is considered maintenance and CDBG funds cannot be used for maintenance. Some TOT funds can be used for tree trimming. One cent of TOT revenues, deposited in the TOT

Fund, can be used for any purpose the Council designates. The other four cents of TOT revenues deposited in the TOT Fund are to be used only for promotional purposes. However, the only portion of TOT Funds not currently allocated for other purposes are the Mayor/City Council Allocations which total \$72,900 (\$7,290 for each Council District and \$14,580 for the Mayor's Office).

QUESTION: Can you provide revenue figures for fiscal year 2006 and projections for fiscal year 2007, by department?

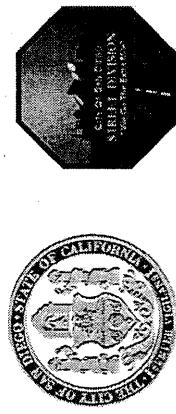

RESPONSE: Please see **Attachment 2**. This will be discussed in greater detail at the May 24 Budget and Finance Committee meeting.
